

The Barrel Gauge

Ideal For Standing Barrels

Please specify tank size and tank opening dimension when ordering

Our Barrel Gauge is specifically designed for use in a wide variety of standing barrels. It is available for the 55, 30, and 15 gallon drum models. This gauge comes available in plastic, galvanized, and stainless steel versions. Direct mechanical action, reliable construction and easy readability make this gauge a perfect choice for barrel volume measurement.

Arrows on bushing for float alignment

Available with optional ALARM (see page 17)
