Puncture resistance	:	1	
Dexterity (according to EN420)	:	5	

Description:

Camapur® Comfort is a glove coated with polyurethane of category II according to EN 388. The polyamide fabric allows an extremely good mechanical resistance despite the thin coating and at the same time it offers a good sensitivity. The glove persuades by its elegant fit. The PU coating lends the product a very good grip – even when handling wet, slippery parts.

Application:

- automotive and supply industry
- metal and plastics processing
- storage and commission works
- assembly works
- precision mechanics
- electronic industry
- protection of products
